VAN RICHTEN'S GUIDE TO RAVENLOFT: SPIRIT BOARD AND PLANCHETTE

This spirit board and planchette can serve as props in your atmospheric adventures. Print out both, then apply each to a rigid backing. Once the players assemble around the board and each place a hand upon the planchette, wait for the spirits (or the DM) to make their messages known by guiding the planchette to letters or mysterious symbols.

Spirit boards and planchettes are detailed further in Van Richten's Guide to Ravenloft.
